

Eligibility Declaration & Verification Form (IB)

The Warmer Homes Programme and any measures provided are all funded by the Green Homes Grant Local Authority Delivery (LAD) scheme and the Home Upgrade Grant (HUG) scheme. To access this funding, you must verify that the relevant statements below apply to you and your household.

To qualify for the funding a household must be a domestic dwelling in England with an EPC (energy performance certificate) rating of band D, E, F or G, and meet at least one of the following criteria:

1. Member of the household is in receipt of a qualifying benefit
2. Household total gross annual income of less than, or equal to, £31,000.
3. Household income of less than, or equal to, £20,000 after housing costs and council tax are deducted (gross income minus rent or mortgage payments, and minus council tax).

How to complete this form

Please select one of the 3 following section statements which applies to your household.

This is the eligibility criteria we will use for your application

You need to complete either section 1, section 2 or section 3.

Please do not complete all 3 sections.

If the statement does not apply, please leave this blank.

The applicant (the name appearing on the application form) must complete and sign section 4

Section 1 Statement: Member of the household is in receipt of a qualifying benefit

I confirm that a member of the household is in receipt of a qualifying benefit (please tick if this applies to your household) If you have ticked this statement, complete this section and read and sign Statement 4

The qualifying benefits are detailed below.

Statement 4: APPLICANT (as per name on Application Form) to complete the following section and sign

I confirm that I will not be receiving funding for any measure(s) provided to me by the Warmer Homes Programme from another government scheme e.g. the Energy Company Obligation (ECO) (please tick)

Please read the following statement with regards the funding available and complete and sign to confirm that you understand and agree to the details contained within the statement.

The installation of the measure(s) funded through the Warmer Homes programme constitutes a grant from public funds. Funding from another public fund may not be claimed to fund this installation. You can claim the Domestic Renewable Heat Incentive (RHI) in the case of a renewable heat installation; however, you must notify Ofgem that the installation was funded through LAD/HUG when you apply for accreditation to the Domestic RHI. This funding would then be deducted from RHI payments as per the RHI rules on grant funding.

By signing this form you are also accepting the following Terms & Conditions:

Terms and Conditions

The grant funding is from DESNEZ (central government) and the Warmer Homes Fund and administered by Warmer Homes

1. The grant is available to homeowners with a limited amount of funding available for private tenants and private landlords. Private renters will need their landlord's permission to join the scheme. It is **NOT** available for the improvement of social housing or non-domestic properties. If the applicant confirms that they own the property and this is later found not to be the case, AgilityEco reserves the right to reclaim any grant paid from the applicant.
2. If there is a change in the occupant's circumstances during the application process that affects their eligibility for the scheme the homeowner or applicant for the grant should contact AgilityEco immediately so that the funding can be re-assessed.
3. The grant funding is available only for the installation of particular energy efficiency measures identified following a survey of the property by an onboarded installer and a review of the EPC.
4. At all times AgilityEco reserves the right to use its absolute discretion to agree or decline any potential measures.
5. AgilityEco will agree the measures to be installed with the applicant and reserves the right to inspect the property before and after the measures have been installed.
6. The grant funding is limited and subject to change.
7. The cost of any future maintenance required (if any) is the responsibility of the applicant.
8. At all times the installation contract is an agreement between the installer and the applicant. The applicant must be happy that the installer can provide the service required before entering into a contract. Neither AgilityEco nor any Local Authority partner can accept responsibility for any issues with the installation, be that defects in workmanship, queries about the contract or other.
9. If any of the Terms or Conditions set out in this document are breached by the homeowner or occupier of the property, then AgilityEco reserves the right to reclaim any grant payments made or to deny final payment of the grant. The installer will then be entitled to seek payment of invoices from the homeowner.
10. Further details can be obtained by contacting AgilityEco's Warmer Homes team via phone on 0800 038 5737, via email on info@warmerhomes.org.uk or via post at 'FAO: Warmer Homes Fund, Suite 5, Mid-day Court, 20-24 Brighton Rd, Sutton SM2 5BN'
